EDUCATION

South Texas College of Law - 2020

University of Texas Medical Branch - 2013

Mili Sivadasan began her professional journey in health care, earning her nursing degree from the University of Texas Medical Branch in 2013 and graduating Summa Cum Laude. As a registered nurse, she developed a deep understanding of patient care, medical systems, and the real-life impact of injuries on individuals and families. Motivated to advocate for people in a broader, more direct way, Mili decided to pursue a legal career and earned her law degree from South Texas College of Law in 2020, bringing her strong medical background into the legal field.

Following law school, Mili built meaningful experience representing injured individuals in both pre-suit and litigation phases of personal injury cases, handling matters from initial claims through complex disputes. This hands-on experience, combined with her clinical training as a nurse, allows her to approach cases with confidence, precision, and empathy. She is now an attorney at Morgan and Morgan's Houston office, where she focuses on personal injury cases, including car and motorcycle accidents. Known for being hardworking, energetic, and highly adaptable, Mili thrives in fast-paced environments and is deeply committed to helping clients navigate challenging situations. Outside of work, she enjoys traveling and spending quality time with her family.
