Kennadi Spraggs began her journey in Western Kentucky, where she grew up with a natural passion for helping people. She pursued this calling at the University of Kentucky, graduating magna cum laude with a Bachelor of Arts in Political Science in May 2022. During her undergraduate years, Kennadi actively gave back to her community by taking on insightful internships and clerkships within state and local government. She then transitioned directly into law school at the University of Kentucky J. David Rosenberg College of Law, earning her Juris Doctor in May 2025. Her academic excellence and dedication earned her the prestigious CORE Law Diversity/Merit Scholarship, and she stepped into key leadership roles on campus, serving as the Vice President of both the Women's Law Caucus and the Law Wellness Initiative.

After successfully passing the bar exam in October 2025, Kennadi launched her professional legal career by working as an estate planning and administration attorney. In this role, she focused heavily on guardianship matters, helping vulnerable individuals and families navigate deeply sensitive and complex legal transitions. This experience allowed her to develop a compassionate, client-centered approach to the law, ensuring that those going through difficult times felt protected and heard. Demonstrating her diverse talents and dedication to her home state, she also achieved the honor of being named a Kentucky Colonel and became a licensed Kentucky real estate agent.

Today, Kennadi brings her empathetic background, government insights, and sharp legal training to the Morgan and Morgan team at the Nashville office, where she serves as a dedicated personal injury attorney. She utilizes her diverse experience to stand up for individuals and families who have been wrongfully injured, guiding them smoothly through the complexities of the civil litigation system. Defined by her sharp analytical skills and a highly determined approach, Kennadi ensures her clients receive the full support, powerful representation, and maximum recovery they deserve.
